EXPERIENCE

CSA Engineering: Full-Stack Developer

September 2024 – Present

- Developed and managed the entire frontend of a CRM-like employee time-booking application using **React.js** and **REST APIs**, including session and login management. Built a Proof of Concept that secured client approval, resulting in a successful project acquisition.
- Led the frontend development of another CRM application, aligning closely with client requirements. Delivered a user-friendly and intuitive interface, earning direct client appreciation for its usability and feature set.
- Contributed to QuickBooks API integration, developing **backend APIs** in **Node.js** to seamlessly fetch and manage financial data, enhancing app functionality and accounting efficiency.
- Managed both frontend and backend of an extensive internal CRM system with **MySQL** database, covering employee resource management, sales, finance, project management, and payslip processing, improving system efficiency and usability by 30%.

Xzect Labs Pvt Ltd: Full-Stack Developer Intern

June 2024 – August 2024

- Leveraged modern frontend technologies: **Next.js**, **TypeScript**, **React.js**, **Bootstrap** and **Tailwind CSS** to create fully responsive, user-friendly interfaces for clients.
- Worked with **REST APIs** like Gemini API to create an AI chatbot to assist users with fashion and styling queries.
- Focused on understanding client needs, delivering projects that enhance client satisfaction and engagement.
